# QUALITY SINCE 1995

45 mm thick double tongue and grooved wall panels in pine

Breathing double roof and rain cap protect kotas from rain and mold.

Smoke collector makes sure that all the smoke goes outside.

High 133 cm wall makes it easier to sit inside.

Quality lock keeps uninvited guests outside.

Individual and unique door handles for the real feel of Lapland

Glued frame makes our doors lasting longer.

Small and finished details.

Steel doorsill protects Kota from dirt and water.

ARCTIC-Grill is complete package for barbeque parties.

Certified wood supplier

Lapland packet: Wooden tables and cutlery, "kuksa" wooden cups, guest book, "schnapps" binoculars, thermometer, teapot and stand, pan holder, wooden serviette stand, grill gloves and wooden clock.

Opening double glazed sealed windows.

Quick-snap window bars are easy to detach

Prefabricated elements are easy and fast to assemble.

# From the Lapland's pure nature

The origins of the "Kota" house began thousands of years ago. The design started when northern tribes were forced to find a way to keep warm in the extreme weather conditions that they faced. The term "Kota" has been used for years to describe a building or hut that originally had sloping sides, this design enabled them to have a fire in the middle of the room that not only kept them warm but also enabled them to cook their food.

Arctic Finland House – company's roots come from Lapland. Since 1990's Arctic Finland House has designed, manufactured and constructed mostly grillkotas and later on more variety of products such as garden houses, pavilions, saunakotas, barrel saunas, camping barrels, hot tubs etc.

Our main objective is to bring the feeling of Lapland's spiritual and relaxing atmosphere into your everyday life reducing the stresses faced in everyday life. Arctic Finland House is one of the first companies that started manufacturing high quality grillkotas. Today Arctic Finland House offers wide range of different products and still today Arctic Finland House's grillkota is setting the standards for high quality.

Arctic Finland House values traditional hand skills and encourages old traditions when manufacturing kotas in their factory. By using only latest technology we can ensure that the quality is always meeting the high demands of our clients. We wish you, your friends and family very pleasant and relaxing times in our kotas.

## **Gamme Pin Sylvestre – L'excellence du Kota :**

Le Pin Sylvestre, l'un des meilleurs bois disponibles sur le marché, constitue le matériau phare de notre gamme. Ce bois d'exception, issu des forêts finlandaises, pousse lentement, développant ainsi une résistance remarquable face aux variations extrêmes de température et aux maladies.

Contrairement à 99 % des Kotas actuellement fabriqués en épicéa – un bois plus fragile nécessitant des traitements fréquents –, le Pin Sylvestre offre une durabilité inégalée. C'est le choix privilégié pour ceux qui recherchent fiabilité et longévité.

## **KOTA GRILL 9m<sup>2</sup> – Complet avec table professionnelle - modèle Luxe**

### **Provenance : Finlande**

- **Capacité** : 6 côtés, idéal pour 10 à 12 personnes
